

Commission on Accreditation of Allied Health Education Programs

Each profession in the Commission on Accreditation of Allied Health Education Programs (CAAHEP) system has a Committee on Accreditation (CoA) that consists of experts in the profession that are responsible for reviewing programs and making appropriate recommendations for accreditation to CAAHEP. CAAHEP reviews recommendations received from its CoAs in each profession, assures due process was followed, and takes final action on an accreditation status.

CAAHEP took the following actions on May 21, 2021. Actions are identified by profession, action taken, date of the next comprehensive evaluation, and whether a progress report to improve program compliance is required. In some cases, the concentration and/or degree are also specified. To view a copy of the most recent accreditation award letter for a program, which includes information about the accreditation decision, visit the program's listing on the [Find An Accredited Program](#) section of the CAAHEP website.

The following program was found to be in compliance with the accreditation Standards and Guidelines and was granted continuing accreditation, with the next comprehensive evaluation to occur no later than 2025. This action requires no progress report and was approved on the consent agenda.

Perfusion

University of Texas Health Science Center at Houston, Houston, TX

The following programs were found to be in compliance with the accreditation Standards and Guidelines and were granted continuing accreditation, with the next comprehensive evaluation to occur no later than 2026. These actions require no progress report and were approved on the consent agenda.

Advanced Cardiovascular Sonography

Community Regional Medical Center, Fresno, CA

Cardiovascular Technology

Hill College, Cleburne, TX (Adult Echocardiography, Associate)

Diagnostic Medical Sonography

Mt. San Jacinto College-Meniffee, Meniffee, CA (General)
Oregon Institute of Technology, Klamath Falls, OR (General)
Oregon Institute of Technology, Klamath Falls, OR (Cardiac)
Oregon Institute of Technology, Klamath Falls, OR (Vascular)
Temple College, Temple, TX (Vascular)

Specialist Blood Bank Technology/Transfusion Medicine

The Johns Hopkins Hospital, Baltimore, MD
University of Texas Medical Branch, Galveston, TX

The following program was found to be in compliance with the accreditation Standards and Guidelines and was granted continuing accreditation, with the next comprehensive evaluation to occur no later than 2028. This action requires no progress report and was approved on the consent agenda.

Cardiovascular Technology

Arkansas Tech University, Ozark, AR (Adult Echocardiography, Associate)

The following programs were found to be in compliance with the accreditation Standards and Guidelines and were granted continuing accreditation, with the next comprehensive evaluation to occur no later than 2031. These actions require no progress report and were approved on the consent agenda.

Diagnostic Medical Sonography

Lurleen B. Wallace Community College, Opp, AL (General)
Mercy College of Health Sciences, Des Moines, IA (General)
Mercy College of Health Sciences, Des Moines, IA (Cardiac)
Mount Aloysius College, Cresson, PA (General)
Temple College, Temple, TX (General)
