

**Standards and Guidelines
for the Accreditation of Educational Programs in
[Name of the Profession]**

**Essentials/Standards Approved xx/xxxx
Effective xx/xxxx**

(Instruction to CoA: If the CoA did not previously have Essentials, Essentials should not be referenced.)

**Developed by
(CoA)**

**Endorsed by
(CoA Sponsors)**

and

**Approved by the
Commission on Accreditation of Allied Health Education Programs**

The Commission on Accreditation of Allied Health Education Programs (CAAHEP) accredits programs upon the recommendation of the *[Name of Committee on Accreditation]*.

These accreditation **Standards** are the minimum standards of quality used in accrediting programs that prepare individuals to enter the *[name of the profession]* profession. Standards are the minimum requirements to which an accredited program is held accountable. Guidelines are descriptions, examples, or recommendations that elaborate on the Standards. Guidelines are not required but can assist with interpretation of the Standards.

Standards are printed in regular typeface in outline form. *Guidelines are printed in italic typeface.*

Preamble

The Commission on Accreditation of Allied Health Education Programs (CAAHEP), *[name of CoA]*, and *[names of CoA's sponsoring organizations]* cooperate to establish, maintain and promote appropriate standards of quality for educational programs in *[name of profession]* and to provide recognition for educational programs that meet or exceed the minimum standards outlined in these accreditation **Standards and Guidelines for the Accreditation of Educational Programs**. These Standards and Guidelines are intended to promote innovation in support of quality education programs, consistent with CAAHEP policy on institutional autonomy, and to ensure the integrity of the CAAHEP accreditation process. Directories of accredited programs are published for the information of students, employers, educational institutions and organizations, credentialing bodies, and the public.

These **Standards and Guidelines** are to be used for the development, evaluation, and self-analysis of *[name of profession]* programs. Site visit teams assist in the evaluation of a program's compliance with the accreditation standards.

Essentials/Standards initially adopted in 19_; revised in 20_ etc
(Instruction to CoA: CAAHEP will insert the revision history)

Description of the Profession

(Instruction to CoA: Provide brief description of the profession.)

I. Sponsorship

A. Program Sponsor

A program sponsor must be a post-secondary academic institution accredited by an institutional accrediting agency that is recognized by the U.S. Department of Education, and must be authorized under applicable law or other acceptable authority to provide a post-secondary program, which awards a minimum of a *(insert degree/certificate)* at the completion of the program.

(Instruction to CoA: The Alternative Wording for Sponsorship may be substituted for the above paragraph if the CoA accepts additional program sponsor types – see Attachment 1)

B. Responsibilities of Program Sponsor

The program sponsor must:

1. Ensure that the program meets the Standards;
2. Award academic credit for the program or have an articulation agreement with an accredited post-secondary institution; and
3. Have a preparedness plan in place that assures continuity of education services in the event of an unanticipated interruption.

Examples of unanticipated interruptions may include unexpected departure of key personnel, natural disaster, fire, flood, power failure, line of communication failure or other events that lead to inaccessibility to program resources to provide for uninterrupted services.

II. Program Goals

A. Program Goals and Minimum Expectations

The program must have the following minimum expectations statement: "To prepare *(insert name/title of professional)* who are competent in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains to the enter the profession."

Programs which adopt educational goals beyond the minimum expectations statement must clearly delineate this intent and provide evidence that all students have achieved those goals prior to entry into the field.

Goals must be compatible with the mission of the sponsoring institution(s), the expectations of the communities of interest, and accepted standards of roles and functions of a *(insert name/title of professional)*. Goals are based upon the substantiated needs of health care providers and employers, and the educational needs of the students served by the educational program. Goals must be written referencing one or more of the learning domains.

The program must assess its goals at least annually and respond to changes in the needs and expectations of its communities of interest.

B. Program Advisory Committee

The program advisory committee must include at least one representative of each community of interest and must meet annually. Communities of interest served by the program include, but are not limited to, students, graduates, faculty members, sponsor administrators, employers, physicians, and the public.

The program advisory committee advises the program regarding revisions to curriculum and program goals based on the changing needs and expectations of the program's communities of interest, and an assessment of program effectiveness, including the outcomes specified in these Standards.

Program advisory committee meetings may be conducted using synchronous electronic means.

(Instruction to CoA: Physicians may be substituted with other health professional providers if physicians do not play a role in providing care to patients/clients in the profession. A guideline providing examples of other health professional providers should be added.)

III. Resources

A. Type and Amount

Program resources must be sufficient to ensure the achievement of the program's goals and outcomes. Resources must include, but are not limited to:

1. Faculty
2. Administrative and support staff
3. Curriculum
4. Finances
5. Faculty and staff workspace
6. Space for confidential interactions
7. Classroom and laboratory (physical or virtual)
8. Ancillary student facilities
9. Clinical affiliates
10. Equipment
11. Supplies
12. Information technology
13. Instructional materials
14. Support for faculty professional development

(Instruction to CoA: Clinical affiliates may be substituted with supervised practice experiences if clinical affiliates are not applicable to the profession. The term laboratory may be substituted with a more profession specific term.)

B. Personnel

The sponsor must appoint sufficient faculty and staff with the necessary qualifications to perform the functions identified in documented job descriptions and to achieve the program's stated goals and outcomes.

At a minimum, the following positions are required.

(Instruction to CoA: The position(s), responsibilities, and qualifications listed below are required positions. The CoA may specify additional responsibilities and qualifications such as a professional credential for these positions. The CoA may also specify additional required position(s), responsibilities and qualifications. If program personnel may serve in more than one position provided the qualifications of each position are met, then there must also be an associated guideline to that effect. See Attachment 2 for suggested language for optional positions.)

(Instruction to CoA: For non-US based programs, CoAs must follow CAAHEP's policy and guidance relating to non-US based sponsors.)

Commented [JAW1]: In development

Essentials/Standards initially adopted in 19_; revised in 20_ etc
(Instruction to CoA: CAAHEP will insert the revision history)

165 1. Program Director

166 a. Responsibilities

167 The program director must be responsible for all aspects of the program, including but not limited

168 to:

- 169 1) Administration, organization, supervision of the program
- 170 2) Continuous quality review and improvement of the program
- 171 3) Academic oversight, including curriculum planning and development
- 172 4)

173

174 b. Qualifications

175 The program director must:

- 176 1) Possess a minimum of *(insert certificate/degree)* or the equivalent
- 177 2) Have documented education or experience in instructional methodology
- 178 3)

179

180 2. Faculty/Instructional Staff

181 a. Responsibilities

182 For all didactic, laboratory, and clinical instruction to which a student is assigned, there must be a

183 qualified individual(s) clearly designated by the program to provide instruction, supervision, and

184 timely assessments of the student's progress in meeting program requirements.

185

186 b. Qualifications

187 Faculty/instructional staff must be effective in teaching and knowledgeable in subject matter as

188 documented by appropriate professional credential(s), education, and experience in the

189 designated content area.

190

191 **C. Curriculum**

192 The curriculum must ensure that the program goals are achieved. Instruction must be based on clearly

193 written course syllabi that include course description, course objectives, methods of evaluation, topic

194 outline, and competencies required for graduation. Instruction must be delivered in an appropriate

195 sequence of classroom, laboratory, and clinical activities.

196

197 The program must demonstrate that the curriculum offered meets or exceeds the *(CoA determines*

198 *'content' or 'competencies')* listed in Appendix B of these Standards.

199

200 *(Instruction to CoA: Clinical activities may be substituted with supervised practice experiences if*

201 *clinical affiliates are not applicable to the profession)*

202

203 *CAAHEP supports and encourages innovation in the development and delivery of the curriculum.*

204

205

206 **D. Resource Assessment**

207 The program must, at least annually, assess the appropriateness and effectiveness of the resources

208 described in these Standards. The results of the resource assessment must be the basis for ongoing

209 planning and change. An action plan must be developed when needed improvements are identified in the

210 program resources. Implementation of the action plan must be documented, and results measured by

211 ongoing resource assessment.

212

213

214 **IV. Student and Graduate Evaluation/Assessment**

215

216 **A. Student Evaluation**

217 **1. Frequency and purpose**

218 Evaluation of students must be conducted on a recurrent basis and with sufficient frequency to

219 provide both the students and program faculty with valid and timely indications of the students'

220 progress toward and achievement of the curriculum competencies in the required learning domains.

221

Validity means that the evaluation methods chosen are consistent with the learning and performance objectives being tested.

2. Documentation

Student evaluations must be maintained in sufficient detail to document learning progress and achievements.

B. Outcomes

The program must meet the established outcomes thresholds.

1. Assessment

The program must periodically assess its effectiveness in achieving established outcomes. The results of this assessment must be reflected in the review and timely revision of the program.

Outcomes assessments must include but are not limited to national credentialing examination(s) performance, programmatic retention/attrition, graduate satisfaction, employer satisfaction, and placement in full or part-time employment in the profession or in a related profession.

A related profession is one in which the individual is using cognitive, psychomotor, and affective competencies acquired in the educational program.

Graduates pursuing academic education related to progressing in health professions or serving in the military may be counted as placed.

(Instruction to CoA: For non-US based programs, CoAs must follow CAAHEP's policy and guidance relating to non-US based sponsors.)

(Instruction to CoA: National credentialing examination(s) performance may be excluded from template language if the CoA can document that the profession does not have a national credentialing examination.)

(Instruction to CoA: The following additional Standards language may be inserted if appropriate:

A national certification examination program is one that is accredited by the National Commission for Certifying Agencies (NCCA) or under International Organization for Standardization (ISO) International Standard ISO/IEC 17024: Conformity assessment – General requirements for bodies operating certification of persons (ISO 17024).

2. Reporting

At least annually, the program must submit to the [Name of CoA] the program goal(s), outcomes assessment results, and an analysis of the results.

If established outcomes thresholds are not met, the program must participate in a dialogue with and submit an action plan to the [Name of CoA] that responds to the identified deficiency(ies). The action plan must include an analysis, corrective steps, and timeline for implementation and assessment.

V. Fair Practices

A. Publications and Disclosure

1. Announcements, catalogs, publications, and advertising must accurately reflect the program offered.
2. At least the following must be made known to all applicants and students:
 - a. Sponsor's institutional and programmatic accreditation status

- 277 b. Name, mailing address, website address and phone number of CAAHEP and institutional
278 accrediting agency(ies)
279 c. Admissions policies and practices
280 d. Technical standards
281 e. Occupational risks
282 f. Policies on advanced placement, transfer of credits, and credits for experiential learning
283 g. Number of credits required for completion of the program
284 h. Availability of articulation agreements for transfer of credits
285 i. Tuition/fees and other costs required to complete the program
286 j. Policies and processes for withdrawal and for refunds of tuition/fees
287 k. Policies and processes for assignment of clinical experiences
288
289 3. At least the following must be made known to all students:
290 a. Academic calendar
291 b. Student grievance procedure
292 c. Appeals process
293 d. Criteria for successful completion of each segment of the curriculum and for graduation
294 e. Policies by which students may perform clinical work while enrolled in the program
295
296 4. The sponsor must maintain and make accessible to the public on its website a current and
297 consistent summary of student/graduate achievement that includes one or more of the program
298 outcomes as established by the *[Name of CoA]* and required in these Standards.
299

300 **B. Lawful and Non-discriminatory Practices**

301 All activities associated with the program, including student and faculty recruitment, student admission,
302 and faculty employment practices, must be non-discriminatory and in accord with federal and state
303 statutes, rules, and regulations. There must be a faculty grievance procedure made known to all paid
304 faculty.
305

306 *(Instruction to CoA: For non-US based programs, CoAs must follow CAAHEP's policy and guidance*
307 *relating to non-US based sponsors.)*
308

309 **C. Safeguards**

310 The health and safety of patients/clients, students, faculty, and other participants associated with the
311 educational activities of the students must be adequately safeguarded. *[Name of profession]* students
312 must be readily identifiable as students.
313

314 All activities required in the program must be educational and students must not be substituted for staff.
315

316 **D. Student Records**

317 Grades and credits for courses must be recorded on the student transcript and permanently maintained
318 by the program sponsor in an accessible and secure location. Students and graduates must be given
319 direction on how to access their records. Records must be maintained for student admission, advisement,
320 and counseling while the student is enrolled in the program.
321

322 **E. Substantive Change**

323 The sponsor must report substantive change(s) as described in Appendix A to *[Name of CoA]* in a timely
324 manner. Additional substantive changes to be reported to *[Name of CoA]* within the time limits prescribed
325 include:
326

327 *(Instruction to CoA: Substantive changes are those for which the CoA may need to take immediate*
328 *action. List specific substantive changes to be reported, if any. CoAs are not required to list*
329 *additional substantive changes. If there are no additional substantive changes to be reported, do*
330 *NOT include the statement: "Additional substantive changes to be reported to [CoA] within the time*
331 *limits prescribed.")*

F. Agreements

There must be a formal affiliation agreement or memorandum of understanding between the program sponsor and all other entities that participate in the education of the students describing the relationship, roles, and responsibilities of the program sponsor and that entity.

APPENDIX B

Curriculum [Competencies/Content] for Educational Programs in [Name of profession]

(Instruction to CoAs: Appendix B must be stated as educational objectives and competencies that clearly identify the cognitive, psychomotor and affective learning domains. Appendix B may also specify curriculum content.

Simulated learning experiences are acceptable as determined by the CoA. For professions that require non-simulated patient/client/consumer (select term that best fits your profession) contact, the CoA must identify which terminal competencies/objectives must be performed on patients/clients rather than through simulation.

Appendix B is a continuation of section III.C. and must be written in number/letter format as a continuation of III.C.)

360 ATTACHMENT 1 – Alternative Wording for Sponsorship

361
362
363 *(Instruction to CoA: I.A.1. is required; other sponsor types are optional. If the CoA elects to include other sponsor*
364 *types, the following template language must be used for the selected sponsor type(s).)*
365

366 **I. Sponsorship**

367 **A. Program Sponsor**

368 A program sponsor must be at least one of the following:

369
370 1. A post-secondary academic institution accredited by an institutional accrediting agency that is
371 recognized by the U.S. Department of Education, and must be authorized under applicable law or
372 other acceptable authority to provide a post-secondary program, which awards a minimum of a *(insert*
373 *degree/certificate)* at the completion of the program.

374
375 2. A post-secondary academic institution outside of the United States and its territories that is authorized
376 under applicable law or other acceptable authority to provide a post-secondary program, which
377 awards a minimum of *(insert degree/certificate)* or equivalent at the completion of the program.

378
379 *(Instruction to CoA: CoAs must follow CAAHEP's policy and guidance relating to non-US based*
380 *sponsors.)*
381

382 3. A hospital, clinic or medical center accredited by a healthcare accrediting agency that is recognized
383 by the U.S. Department of Health and Human Services, and authorized under applicable law to
384 provide healthcare, and authorized under applicable law to provide the post-secondary program,
385 which awards a minimum of a *(insert degree/certificate)* at the completion of the program.

386
387 4. A branch of the United States Armed Forces, or a federal or state governmental agency, which
388 awards a minimum of a *(insert degree/certificate)* at the completion of the program.

389
390 5. A consortium, which is a group made up of two or more education providers that operate an
391 educational program through a written agreement that outlines the expectations and responsibilities
392 of each of the partners. At least one of the consortium partners must meet the requirements of a
393 program sponsor set forth in I.A.1.- I.A.4.

394 Consortium does not refer to clinical affiliation agreements with the program sponsor.
395
396
397
