The Committee on Accreditation of Specialist in Blood Bank Technology (CoA-SBBT) has completed the scheduled accreditation assessment for the following SBBT-Program.

Name of SBBT Program: _____

Date of Assessment: _____

After the review of the Site Visit Report, and the Assessment Summary and if applicable Corrective Action Report, the CoA-SBBT recommends the following accreditation action for this SBBT Program.

Recommendation	Summary
	Accreditation Initial or Continuing (indicate which) is recommended. All Standards were met and SBBT-Program in good standing and CoA-SBBT approved this program.
	Accreditation Initial or Continuing (indicate which) is recommended based upon receipt and review of acceptable corrective action plan. <ul style="list-style-type: none">• Failure to meet Standards were observed, but appropriate corrective actions addressed issues.• Responses provided in the Corrective Action Report were accepted by the CoA-SBBT.
	Do no re-accredit or initially accredit this SBBT-Program <ul style="list-style-type: none">• Failure to meet Standards were observed.• Response required to items indicated on the Site Visitor Report and the Corrective Action Report were not accepted by the CoA-SBBT.• Separate summary of objective evidence has been provided. Re-assess SBBT Program and review of acceptable corrective action plan.

Sincerely,

Jayanna Slayten, MS, MT(ASCP)SBBcm
Chair, CoA-SBBT
