

*Committee on Accreditation of Education Programs for Kinesiotherapy (CoA-KT)*

---

118 College Drive #5122  
Hattiesburg, MS 39406

The Committee on Accreditation of Educational programs for Kinesiotherapy (CoA-KT) has been monitoring the impact of COVID-19 on Kinesiotherapy programs and their institutions. The CoA-KT supports you as you work through this pandemic.

We acknowledge that university administrations and health agencies are best prepared to handle situations at the local level and we fully support the decisions made by these institutions in how to proceed with the delivery of education to students. This may include flexibility with clinical internship placements, and use of optional forms didactic teaching such as virtual/online learning.

Placing our top priority on the health and safety of the patients, educators and students we serve, the CoA-KT has postponed all on campus site visits scheduled through April 30, 2020, and suspended the coordination of future site visits until further notice.

The CoA-KT will continue to monitor the progression of COVID-19. Based on the duration of the restrictions incurred, the due dates for submitting the university programs annual reports and payment of annual fees may be extended.

For any questions or concerns, contact:

Jerry W. Purvis, M.S., RKT  
Chair, (CoA-KT)
